

THE BAYEUX TAPESTRY

Just a short stroll through Covent Garden and Bloomsbury brings you to the British Museum, a cultural institution that we are proud to partner with for this landmark season. Here, the Bayeux Tapestry is on view, a loan from France in a historic, once-in-a-generation agreement. The Bayeux Tapestry took months of needlework, one patient stitch after another - proof that the best things are rarely rushed. This is a drink for that spirit: warming and unhurried, made for settling in and slowing down.
